This one's for you

The next two pages are a special tribute to show our appreciation to our Yearbook Advisor Ms. Allison Roller.

Ms. Roller was born on September 1, 1947 in Colombia, Wisconsin. She grew up in Birmingham, Michigan, where her father, Sam, was an elementary school principal.

At the age of five she became very sick. The doctors diagnosed her illness as polio, which was very common at that time. The doctors were doubtful that she would live, but through many months and years of therapy and hard work, Ms. Roller progressed to the point where she was able to walk again and begin leading a normal life.

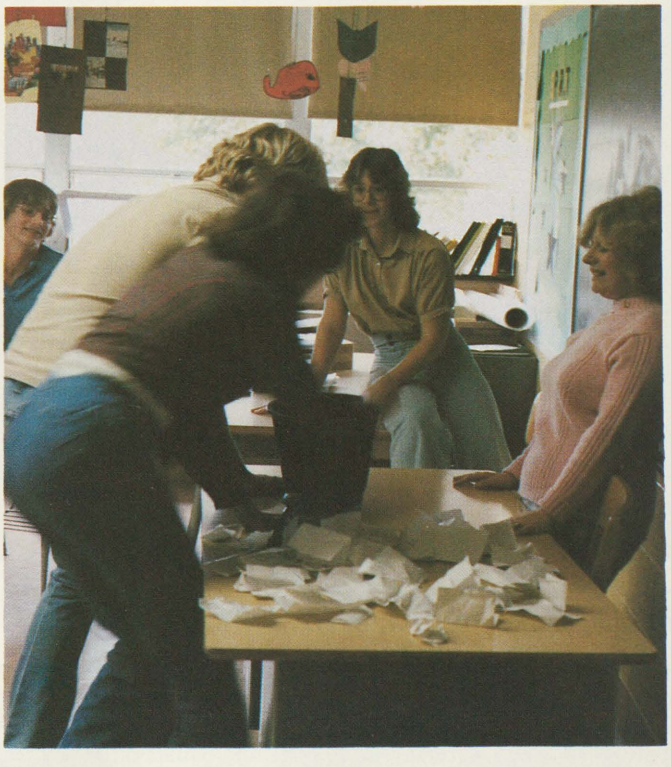
Ms. Roller graduated from Groves High School in Birmingham in 1965. She then went to Central Michigan University and graduated in 1969 majoring in English and minoring in History.

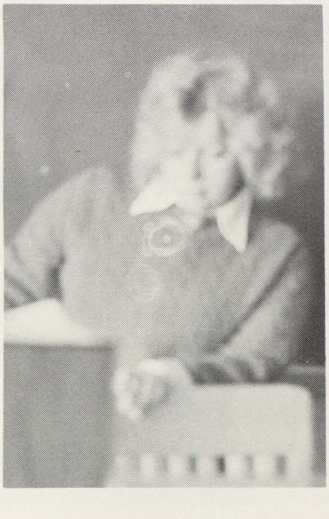
In the fall of 1969 Ms. Roller was hired here at Chesaning. This is her 10th year teaching here and her 5th year as Yearbook advisor. Ms. Roller set up the idea for the popular Communication Skills plays.

In her spare time Ms. Roller likes to read and travel. In the summer she takes some classes at various colleges. In the future Ms. Roller would like to go in to counselling. This is a goal we're sure she'll achieve.

We owe a lot to her and we'd all like to say, "Thank-you for everything Ms. Roller!"

Miss Roller





Opposite page, top: Miss Roller flashes a sparkling smile as she starts the day. Bottom left: Miss Roller dedicates much time to correcting papers. Bottom right: Miss Roller blends in with the scenery on one of her many trips. This page, upper left: Miss Roller enjoys her classes. Upper Right: Miss Roller and her students really get into the Comm. Skills games. Middle left: Miss Roller, is that you behind those snow drifts? Bottom left: It seems there's never a end to the assignments. Right: Miss Roller enjoys her summer days by basking in the sun.

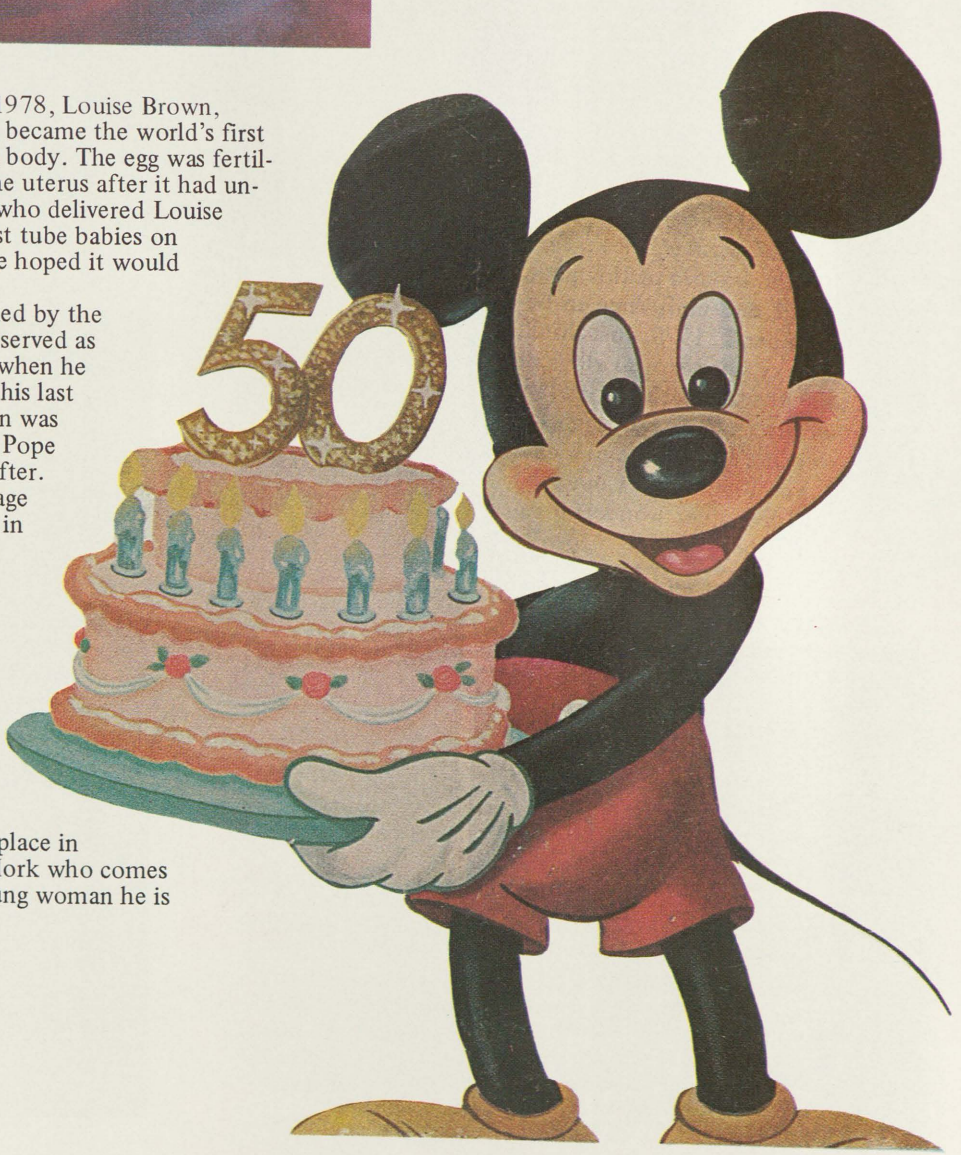
National Temperament

Above: Born at 11:47 P.M. on July 25, 1978, Louise Brown, weighing five pounds and twelve ounces, became the world's first baby to be conceived outside the human body. The egg was fertilized in a laboratory dish and placed in the uterus after it had undergone three cell divisions. The doctor who delivered Louise would not say if there were any more test tube babies on the way right now, but he did say that he hoped it would be a common occurance in the future.

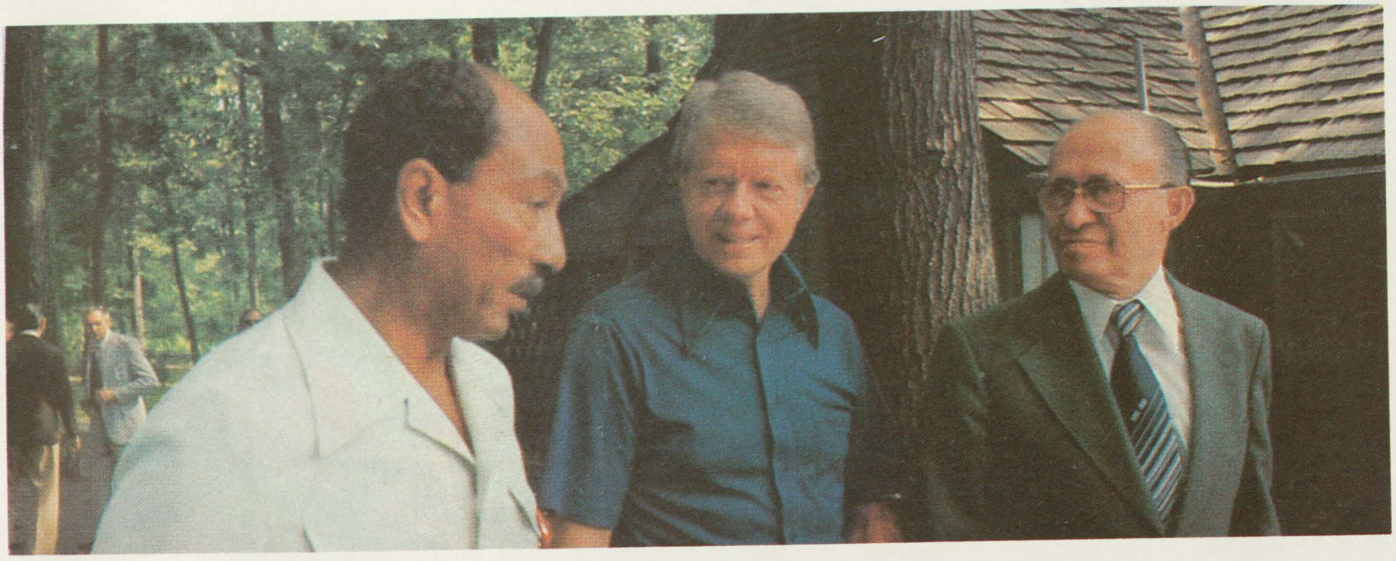
People all over the world were saddened by the death of Pope Paul VI this year. Paul VI served as Pope for 15 years, and was 80 years old when he died. "I propose to die poor", he said in his last will and testament. The death of this man was a surprise, but it was a great shock when Pope John Paul I, (upper right), died shortly after. John Paul I was the 263rd Pope. At the age of 65, he was one of the youngest Popes in history. John Paul I served only 34 days as Pope.

Right: Walt Disney's Mickey Mouse celebrates his 50th birthday this year. Mickey is the most well-known and probably the most prosperous of all the Disney characters. All of us here at C.H.S. want to wish Mickey an extra happy birthday this year!

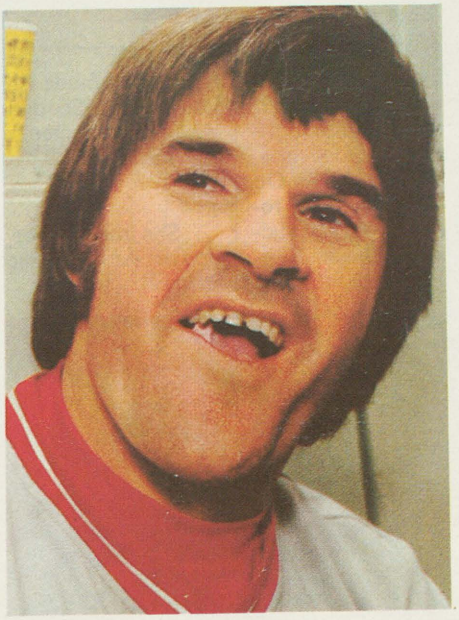
There is a new television series this year that just about everyone loves. It's "Mork and Mindy". The show takes place in Boulder, Colorado. It tells the story of Mork who comes from the planet Ork, and Mindy, the young woman he is staying with while he's on Earth.



Influences Student Life



Actor John Travolta has gone from "sweat hog" to disco king in just a few short months. Known for his role as Babarino in the T. V. hit "Welcome Back, Kotter", Travolta became a teen idol. He starred in the television movie "Boy in the Plastic Bubble," and then rocketed to stardom as he took the lead role, Tony Manero, in "Saturday Night Fever." He then went right into filming for "Grease", where he also took lead role, playing Danny Zuko.



Top: Egypt's President Anwar Sadat, U.S. President Jimmy Carter, and Israel's Premier Menachem Begin spent 13 days at Camp David for Summit meetings early in September. The three men were there to talk of peace negotiations. On their arrival back to the White House in Washington the men all signed peace treaties. Above: Pete Rose plays for the Cinncinati Reds baseball team. This summer a 44 game hitting streak put him in the national news.

Queens:

Terry Chamberlin, the only blond chosen.

Brunette Jill Foley sparkles.

Spirited Laura Kozlowski smiles cheerfully.

Sue Rekucki excitedly looks forward to homecoming night.

Vivacious, Bonnie Tribfelner is the 1978 homecoming queen. (shown above) The members of her court include, Jill Foley, Terry Chamberlin, Laura Kozlowski and Sue Rekucki. All were nominated by the senior class and voted on by the entire student body. The girls all wore long evening gowns to show their respect toward loyal fans and alumni. Escorted by their parents during the half time show, the queens radiated warmeth, dignity, and spirited enthusiasm. Corvettes carried them through the parade and around the track during halftime. Homecoming night went very well, but winning the game added the final touch to an exciting celebration.

We asked the girls on the court what their plans for the future are. Here are their answers: Terry's plans are to attend college and study social work. Jill would like to go to Joan Jewett school and study to be a travel agent. Laura also will attend Joan Jewett school but become an airline stewardess. Sue wants to go to Delta College and study to be an x-ray technician. Finally, Bonnie's future plans are attend Ferris College and be a social service technician.

Radiant Spirits, Glamorous Good Looks

Bonnie Tribfelner shares with us some of the things that she has fun doing in her spare time. "I really enjoy being outside" says Bonnie enthusiastically. She also enjoys sports and recreation. Some of her other hobbies are cooking (as shown above,) playing her saxophone and also singing. She appeared in the amateur acts on the 1978 Show-Boat. Another hobbie she has is sewing (also shown above.) Bonnie is the daughter of Ivan and Pat Tribfelner (shown left.)

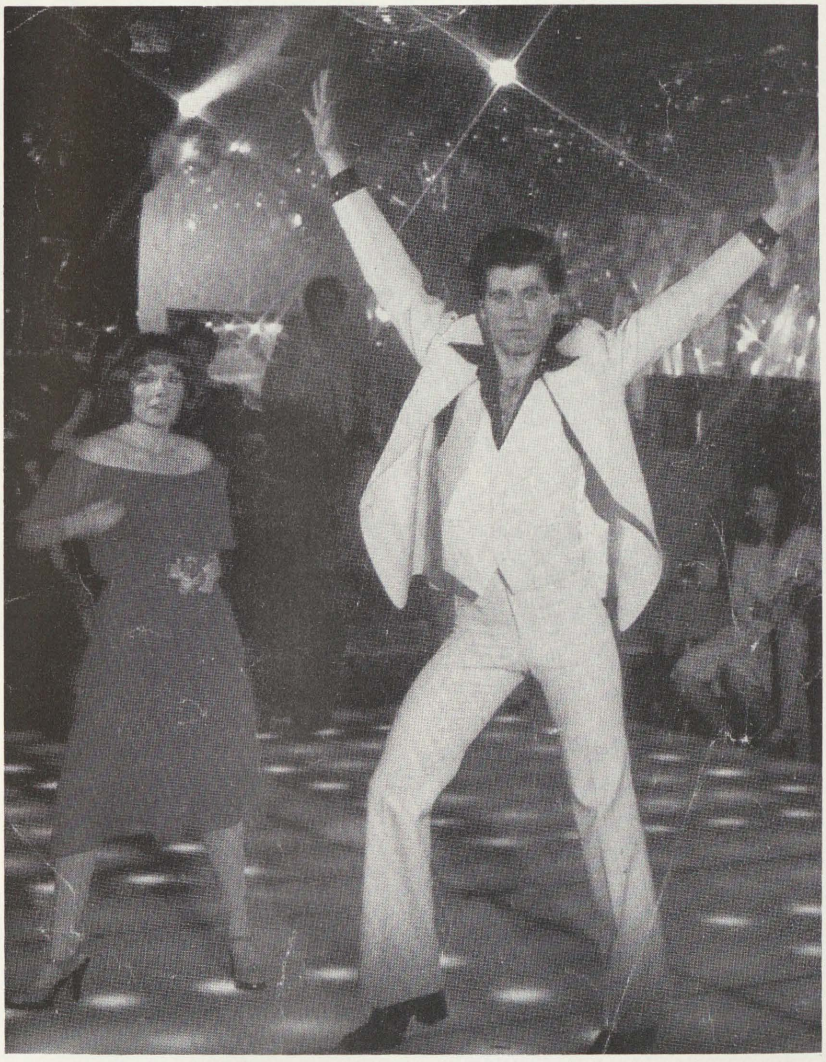
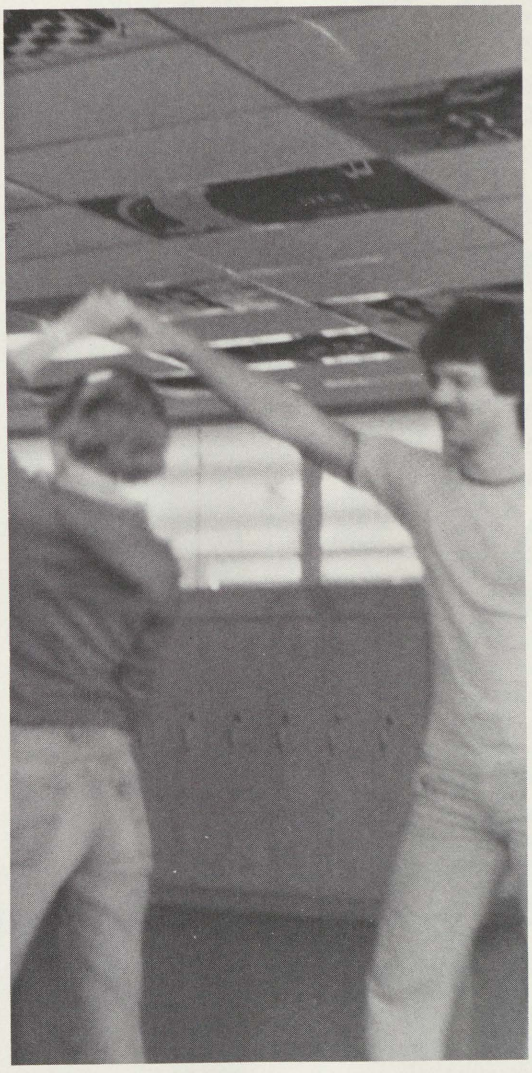
Travolta Fever Is Contagious





DISCO KING

(top right) Bela Sandor, Shari Aldrich, and other C.H.S. students are all showing symptoms of Travolta fever. John Travolta, referred to as the "Disco King" since his movie Saturday Night Fever, has helped to make disco much more popular with many CHS students. Any concerned outsider can see these symptoms at the many disco dances held throughout the year. Beware of the following symptoms: a high temperature, excessive shaking and a sudden breakout of disco monia!

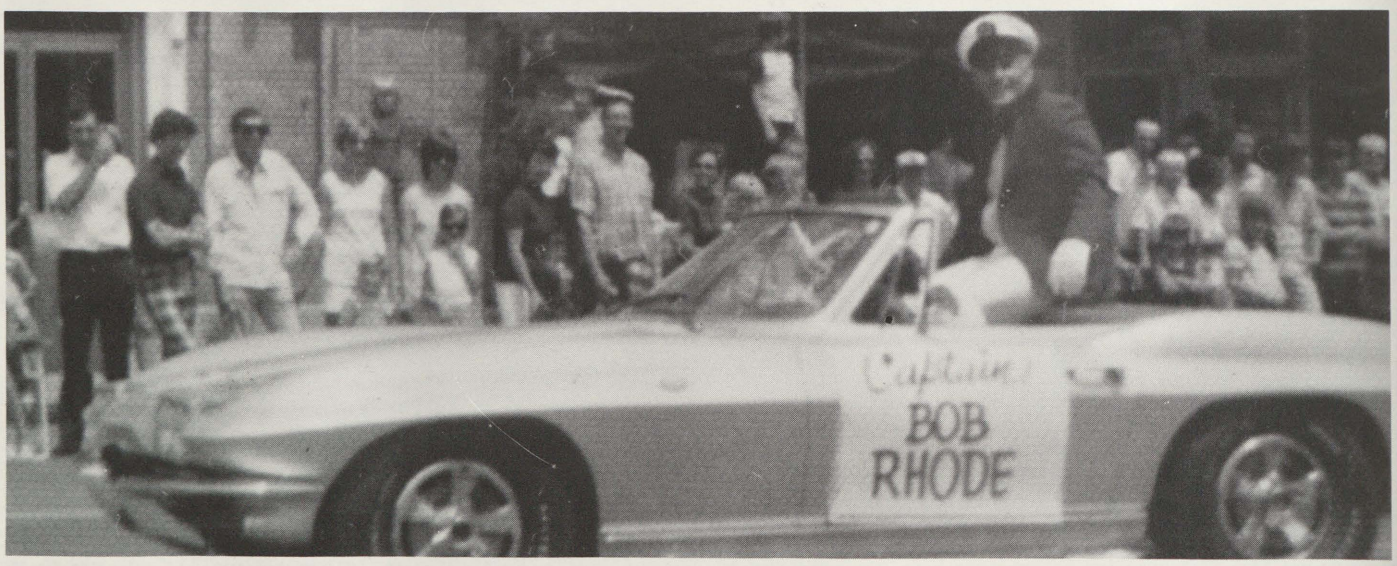
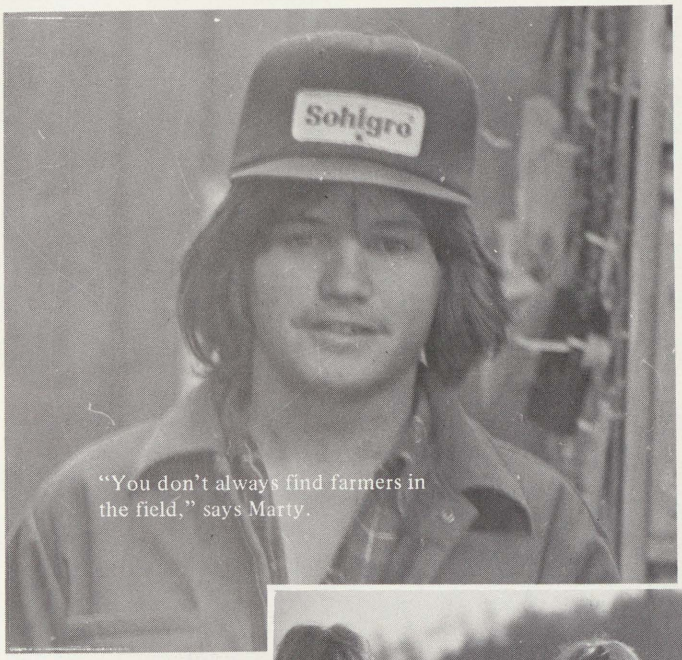
"Superintendent"–Jeff Neumeyer
"Jill Rhode's dad"–Sandy Spannagel
"Captain of the Showboat"–Mr. Molloseau
"My dad"–Jill Rhode
"Our coach"–The Chesaning Basetball Team of 1975 . . . 74 . . . 73 . . . 72 . . . 71 . . . to 1963.
As you can see, many people think of Bob Rhode as much more than a superintendent . . . because he is. For 20 years he was a basketball coach, 13 of those years were spent coaching in Chesaning. He is well known for serving as captain of the Showboat, and is also chairman of this year's show. Another one of his summer time activities is his strawberries. He farms 17 acres. Bob enjoys swimming, observing sports events, carpentry, and of course, his job . . . our superintendent.



Feature

Meet a Few of Our Farmers . . .



"You don't always find farmers in the field," says Marty.

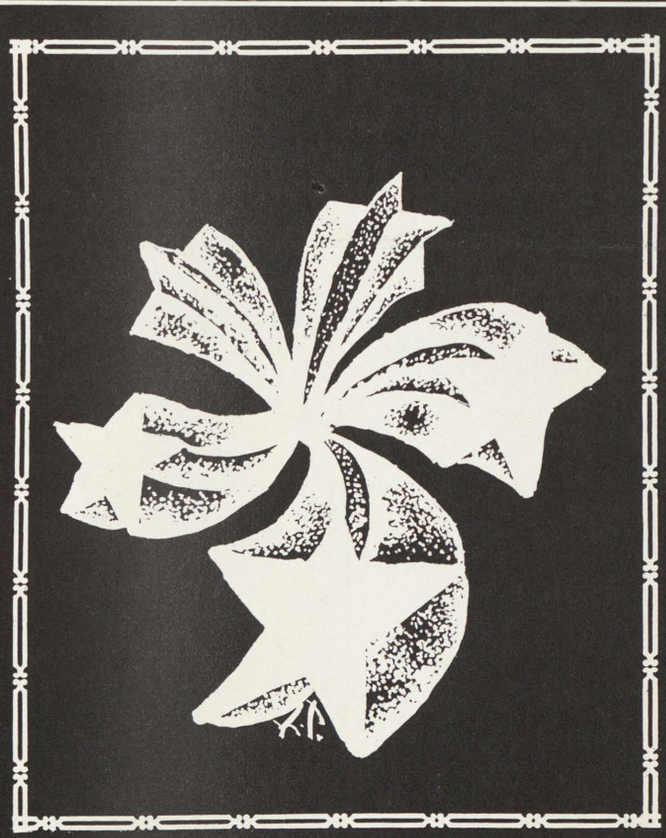
"John Deeres get the job done," remarks Gary.

What kind of job is dirty, grubby and grimy, but better than all the rest? According to Marty Schneider, Dianne Maxa, Gary Kunik and Jeff Schneider, farming is the only answer! Marty Schneider (upper left) is in the process of buying farming equipment.

Dianne Maxa (lower left) is on her way out to the field to do some discing. Prairie farmer Gary Kurik (upper right) takes time for a quick break Jeff Schneider (lower right) looks tough as he works hard into the night.

"Farming isn't just for guys anymore," replies Dianne.

"A farmer's job is never done," says Jeff.



Opposite page, Top: Rick Bonkowski and Jim Wesley show their spirit at a pep assembly. Left: Jeff Sedlar plays "mother" for the hour in Comm. Skills class. Middle: Rosanne Sutter concentrates on cheering the guys on to victory in the big game tonight. Bottom: Sally Gewirtz and Bev Gengler hang around at the pizzeria after a game. This page, Pat Greenfelder and Terry Chamberlin flash spirity smiles for the yearbook photographers.

It (spirit) is a common emotion that is shared by all, it is extremely infectious and it makes you feel good. D. F.

Spirit and enthusiasm go hand-in-hand. Spirit is the secret and key to success. L. P.

The Spirit of C.H.S.

We don't look back
at errors passed us by.
We don't look for what we lack,
but to the promises of the sky.

Someday every one of us
will surely be great.
In that we must trust.
For that day we must wait.

Introducing: The Symphonic Concert Band.

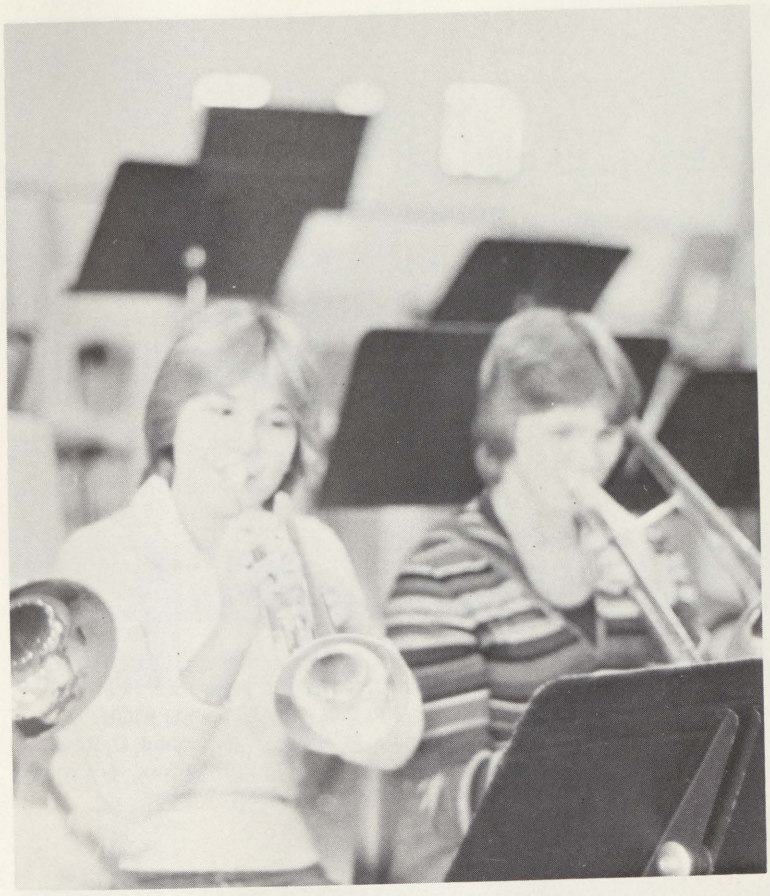
To Shine!



The students participating in the many large and small groups which make-up "Chesaning Bands", spent a busy school year in 1978-1979 with activities ranging from concerts and festivals to pep sessions and parades. Notable among those activities was the institution of a jazz band program and the exposure to new and different musical styles which such a group provides.

A rebuilding of the summer band competition after a years leave of absence, and the ever-present striving for new musical heights during the concert season added to the excitement and enthusiasm which have long characterized the band program at Chesaning High School.

Clapping hands, stomping feet, and voices are yelling. Cheers are coming from all over the crowd, waiting to see the Chesaning Indian team appear before their eyes.

All of a sudden the crowd cheers wildly voices are heard throughout, and streamers and confetti fall through the air like a snowstorm. The entire estate of Chesaning High shakes and rolls with excitement. The louder the crowd gets, the more their team responds, until finally everybody in the crowd catches this contagious enthusiasm.

The game comes to the end, but win or lose the same crowd will return to cheer their team on and continue to show their spirit. T. S.

Homecoming '78: "Orange Crush" Smashes Ovid-Elsie

Terry Williams likes the old fashioned type like Rita Kettler and Trina Harris.

Terry Chamberlin proves that an apple a day may improve your health but not your wardrobe.

The band keeps up the Homecoming theme of "Around the World".

Queen Bonnie Tribfelner is escorted by her parents down the football field.

School Spirit Dominates the Hallways.

Laurie Kozlowski is not easily distracted.

Annette Marzluft goes all out for "Inside-out and Backwards Day".

The band and cheerleaders add to the splendid half time show.

Chesaning's 1978 Homecoming was a complete success. It was one of the most spirited and exciting Homecoming Weeks of the 1970's. Bonnie Tribfelner was crowned Homecoming Queen. Her court members include Terry Chamberlin, Jill Foley, Laurie Kozlowski and Sue Rekucki. There was a great deal of spirit and school participation shown during the week. Students and faculty members were given a chance to show their spirit. Monday was "Wild West Day", Tuesday was "Around the World Day". Wednesday was "Inside-out and Backwards Day", Thursday was "50's Day", and Friday ended the week with Spirit Day. The theme chosen for this years Homecoming was "Around the World". This theme was shown well on a fine display of floats. The very successful week was capped off with a tough Chesaning football victory over arch-rival Ovid-Elsie. The "Orange Crush" defense of Chesaning played superb, holding Ovid-Elsie scoreless en route to a 9-0 triumph.

The 1978 Varsity Football team finished its season after hard work, determination and personal and team goals were set.

The team was very successful this year with six wins and three losses, a turn of the table from last year's team which ended its season with three wins and six losses.

One loss was put on us by Hemlock in the last few seconds of the game 7-6. The other loss by Swan Valley after a 0-0 game, in over time Swan Valley beat us 7-0. The third loss came from St. Charles 20-13.

All nine games were decided in the fourth quarter. The fourth quarter usually belonged to the Tribe.

The team had three records broken this year. Steve Tithof a second year Varsity player, in his Junior year, broke the record for most tackles in a season. The old record was held by Bill Giesken with 155 tackles in a season. Steve Tackled on a couple of extra hard ones to complete the season with 157 tackles.

Ruben Espinoza was a record breaker, too. Ruben broke the record for the most field goals in one season. The old record was held by Stew Devereax with two field goals in 1967. Ruben successfully completed three field goals to set a new record.

We also had a record broken by Andy St. Gordon, Fred Honey and Pat Greenfelder for the longest touchdown pass. The old record was held by John Sedlar for seventy yards to Ed Sadilek against Hemlock. These three new holders of the record also saved the game against Alma for us. The longest touchdown pass is an eighty yard flea-flicker. The coaches grabbed into their bag of tricks and pulled this one off with 12 seconds left on the clock. We beat Alma, Conference Champs, 21-20 for their only loss in conference play.

We finished with a three way tie for second place in the League. Included in the tie are Swan Valley, Corunna, and Chesaning.

Chesaning will be starting three new rivalries next season. As we leave behind old rivalries these past opponents will have added respect for C.H.S. as a result of our fine season.

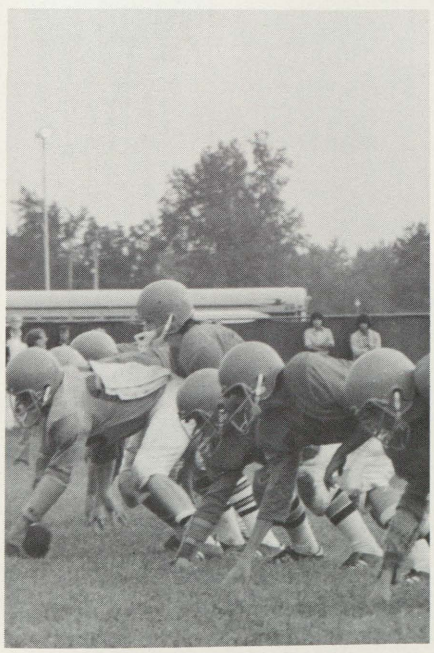
Freshman team is on the ball!!



The 1978 Freshmen Football Team had a successful year, winning five and losing three. The team played with desire, intensity, and sportsmanship throughout the year.

Three ball-carriers lead the offense: Doug Forsyth had 421 yards in 60 attempts; Mark Escamilla had 405 yards in 88 attempts; and Kent Greenfelder had 365 yards in 67 attempts. Quarterback Tom Harris threw for over 300 yards, much of it to end Tony Hemesberg who scored 4 touchdowns on pass receptions. Hemesberg kicked 5 extra-points to score 29 points during the season, second only to Greenfelder's 40 points. On defense, Greenfelder lead in tackles, and Harris, Hemesberg, Scott Docken, Jim Tithof, and Dale Peters, were close behind. Key linemen on both defense and offense were Ben Wesley, Brad Bila, Robert Weber, Steve Menard, Dale Beckman, Pat Dankert, and Bernie Coonrod.

The season was highlighted by a three-game winning streak as the team won its final three games. Two of these wins came over sound Alma and Corunna teams in the final minute of both games. The ability of these players to come-from-behind will make them fun to watch during the next three years at CHS.

The Boys Varsity Basketball Team started the new season with a Positive Attitude and an all-out effort by all members of the team. The Players have displayed hustle and teamwork throughout the current campaign. Even with just a moderate amount of height, the Indians have rebounded well against some of the taller teams. Many steals have been collected from the Tribe's aggressive fullcourt press. Turnovers were a problem early in the year, but the players are now making fewer judgement mistakes. An area that the team is working on is, shooting percentage, and they must improve in this department to play even with the srtong team. Free throws have been a strong point for the team (61%). As a team, the overall game of the Tribe has been on a constant uphill climb.

As the Yearbook goes to the press, the J.V. Indians are 6-2 overall and 3-1 in conference play. Size is certainly a team strength with four players 6'2" or better, they are Scott Gewirtz 6'2½", Rob Macek 6'2", Ramon Persons 6'2", Bill Stasek 6'2". Team quickness has also been an asset, lead by Wesley, McDougall, Fitzgerald, and Brasfield. Desire and hustle are also stressed by Coach Douglas, and team balance is a result as there is no one "starting five" as everyone contributes and plays.

Team Leaders: Rebounds—Gewirtz, Persons, Macek, Stasek, Mort, and Brasfield, Free Throws—Brasfield, Krzciok, Gewirtz, and Mort. Field Goals—Fitzgerald, Gewirtz, Persons, Mort, Brasfield, McDougall and Macek. Turnovers—Macek, Njetling, Krzcoik, Hemgesburg, McDougall, and Fitzgerald. Defense—McDougall, Wesley, Brasfield, and Persons. Steals—Gewirtz, Persons, Wesley, and Brasfield. Assists—Wesley, Mort, Fitzgerald, and Gewirtz.

With continued hard work and dedication the players should continue to improve and will become good Varsity players.

The Freshman Basketball team started their basketball season with a "learning" attitude. The Freshman team has a lot to learn about the game of basketball. They are always trying to better skills and improve on their attitudes toward sportsmanship. The team is getting a lot of experience from the competition they are playing. The team has not yet came to their full potential, but this will come in later years as experience will show. The Freshman team is always on the hustle to improve on their shooting and rebounding abilities. The team has two tall young men who are Tony Hemgesburg at 6'2", and Tom Harris at 6'1". Coach Bogar hopes that the team will finish above 500 percent of their games.

The Team leaders are: Rebounds—Tony Hemgesburg, Tom Harris, and Kent Greenfelder. Steals—Tim Blezewski. Field Goals—Mike Dodak, and Rick Gross. Defense—Dale Peters. Offense—Tony Hemgesburg, and Tim Blezewski. Hustle—Doug Forsyth, and Damian Frasier.

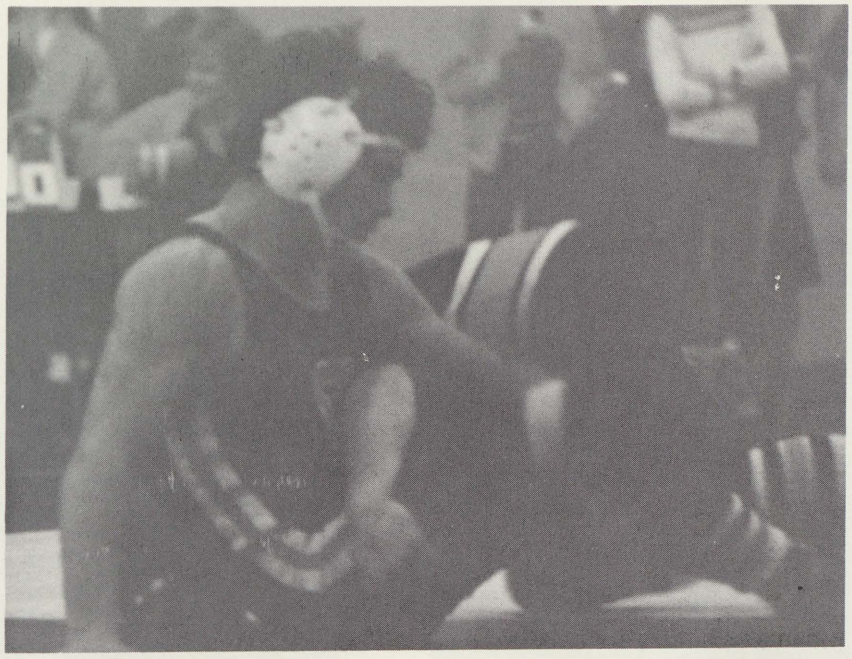
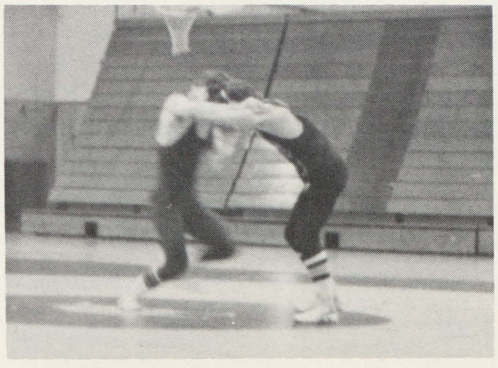
Won Saginaw County Title
Won MMB Conference Title



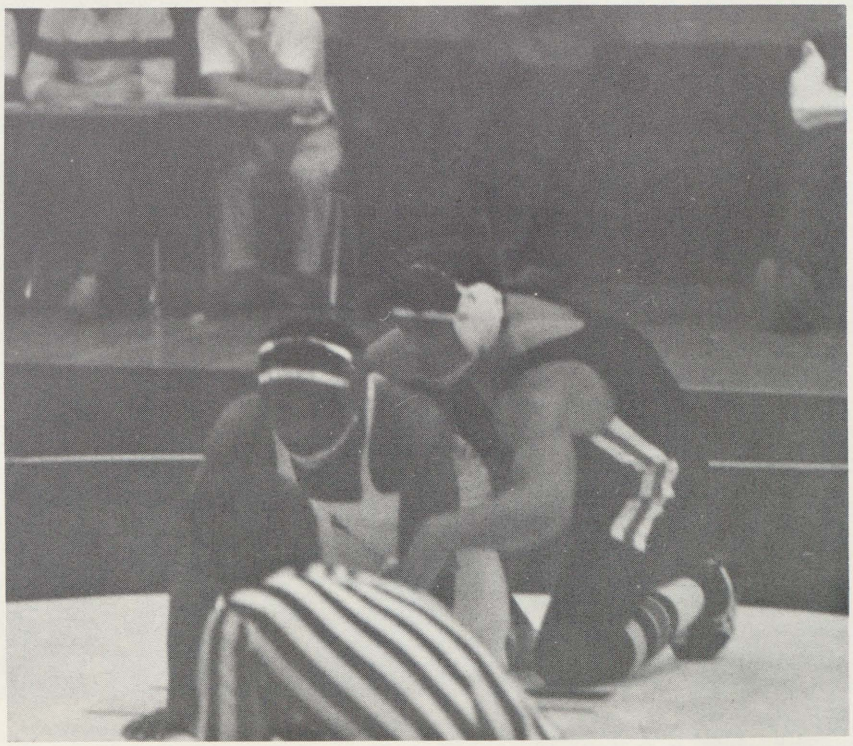
Gene "Geno" Alexander scoots out from underneath a Corunna wrestler in hopes of getting a reversal.

The Chesaning Wrestling team has become a well respected team in the conference, and also in the county, in which they have won both tournaments. They finished strong by taking a third place at districts out of nineteen other teams.

The wrestlers have four Senior members: They are Gene Alexander at 155, Lawrence Pumford at 132, Roger Reed at 145 and Andy Underwood at 165. These wrestlers are only a part of an excellent wrestling team. We also have many underclassmen coming on strong. These wrestlers will be counted on in the future years as they gain more experience and strength.



An unidentified Chesaning wrestler ties up and gets ready to shoot a take down.



Andy Underwood, a Senior Varsity Wrestler, gets ready to ride his opponent in the finals of the New Lothrop Tournament. He came in first.

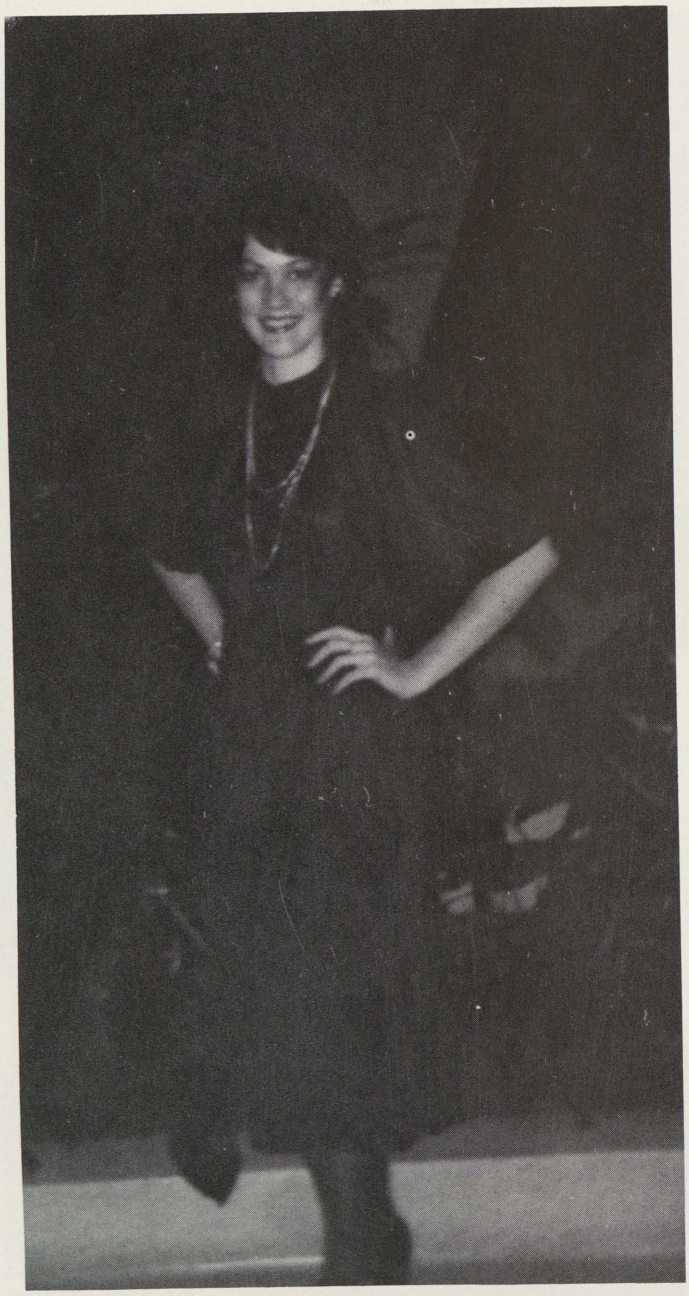
Our Own Models: A Feast for the Eye!



Modeling has become a big part of Judy Young and Kristi Goidosik's life. Both girls are seniors this year and enjoy modeling in their spare time. The basic every day work of a model is anything but glamorous. In fact, it's really a lot of hard work, according to Judy and Kristi. There are many things to learn involved with modeling. For example, there are about 35 different steps, turns, and walks. It's also hard to find a modeling job. "I enjoy the opportunity to meet different people all the time," replies Judy Young who belongs to the Flint Branch of Auston's Agency. Judy has appeared in many benefit shows and several professional shows along with working on two T.V. specials.

She also adds that fashion modeling isn't going to her main carreer. She hopes to get into some type of fashion writing or maybe become a fashion editor or coordinator for a magazine. Christi is modeling with the Young American Board for L.S. Good. She is one of four girls who work for the Christians store in Owosso. There are a total of about 36 girls in Michigan. She says she really enjoys modeling but doesn't plan on being a model in the future. She would like to be a dental hygientist. When asked if it took up a lot of her time she said "not really," because she isn't a full time model. Both girls are pictured above while modeling.

CHS Sends Students Abroad

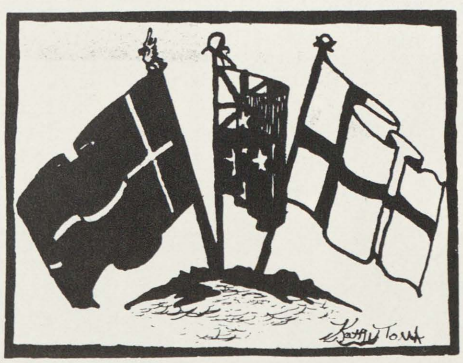
How would you like to spend a year in a foreign country? These three C.H.S. students Philip Darling, Lori McFarlan and Shelly Hirst took the opportunity to find out.

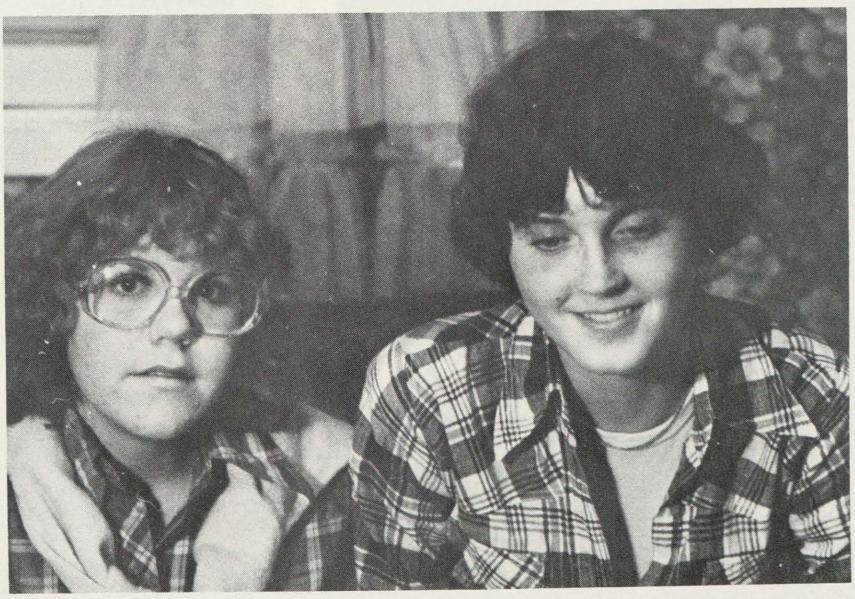
Philip Darling (top right) is staying in Finland "I've never seen the Northern lights before and they are really neat" says Philip. Finland is dark at 3:30 p.m. in the winter, and light at 8:30 or 9:00 a.m. He plans to visit Sweden, Russia and Lapland while on concert tour with the band he is in. Philip is taking a total of 10 subjects in school. Some of these subjects include German, Finish and English. He also is involved in basketball and does a lot of jogging. Philip says he thinks about "good ol" Chesaning a lot, but given the chance he still wouldn't come home.

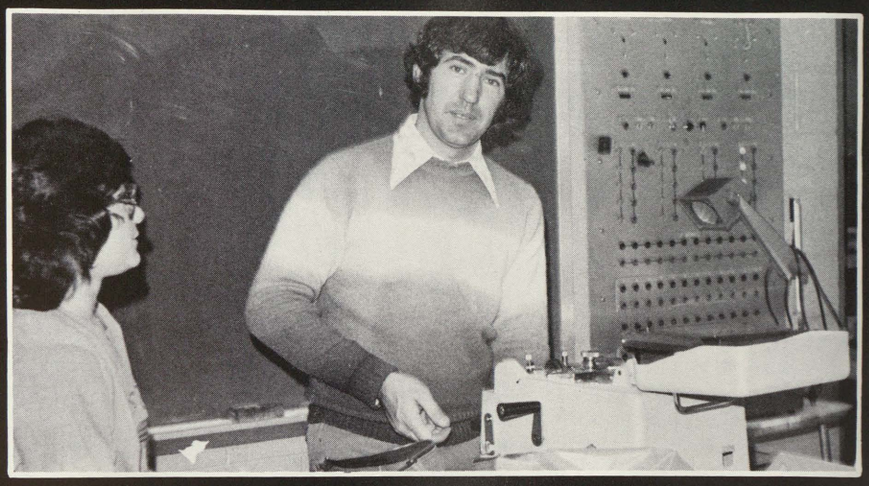
Lori McFarlan (middle) is shown cuddled up with her favorite animal, a Koala bear, in Australia. "Australia is very Americanized" replies Lori. There are K-Marts, Pizza Huts, Burger Kings and even everyone's favorite restaurant, McDonalds. She has taken part in many classes at more than one school. A few of her classes are art, classical studies, piano, and English. She has also taken Scuba diving lessions, of which she has become a certified diver. To make a little extra money Lori took on a temporary job selling Sunbeam Appliances. "I'm really having a great time and Australia is beautiful," replies Lori.

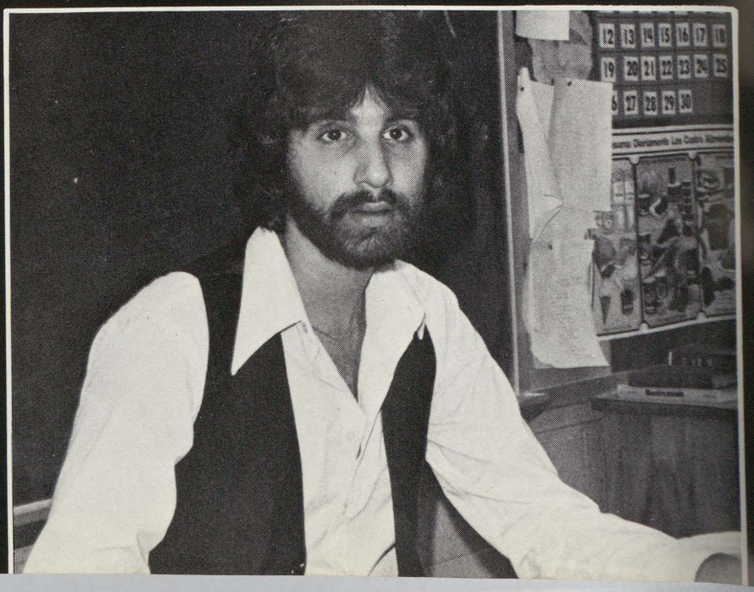
Shelly Hirst (bottom right) and friend Meredith from Pennsylvania are spending the year in Sweden. Shelly went to Goteborg to see Liza Minelli on stage, went sailing at Gianna, and also went to see the only wooden castle in Sweden. She also plans to go to Germany and maybe on to Finland this spring. "School in Sweden is much different then back home" replies Shelly. "There is much more freedom." She finishes school everyday at a different time. If the teacher cannot be at the class, the class is canceled. She has also taken trips in school. Two such trips were to a chocolate factory and a beer factory. Shelly also adds that she is very happy in Sweden and has made many new friends.

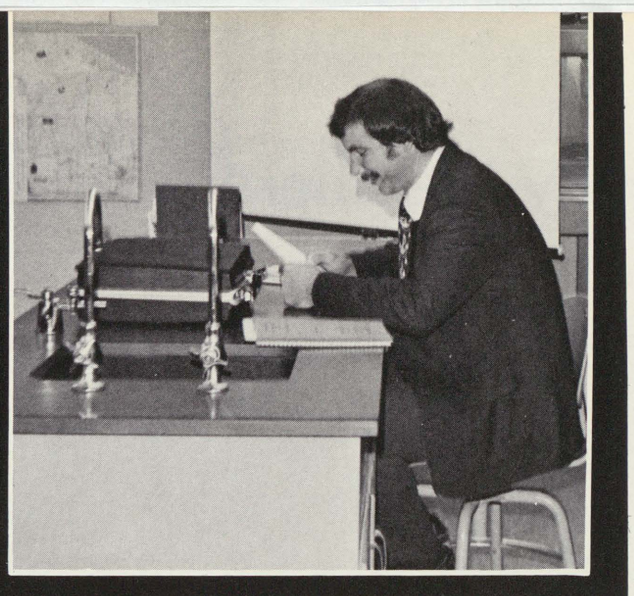
Philip, Lori and Shelly are all juniors this year.

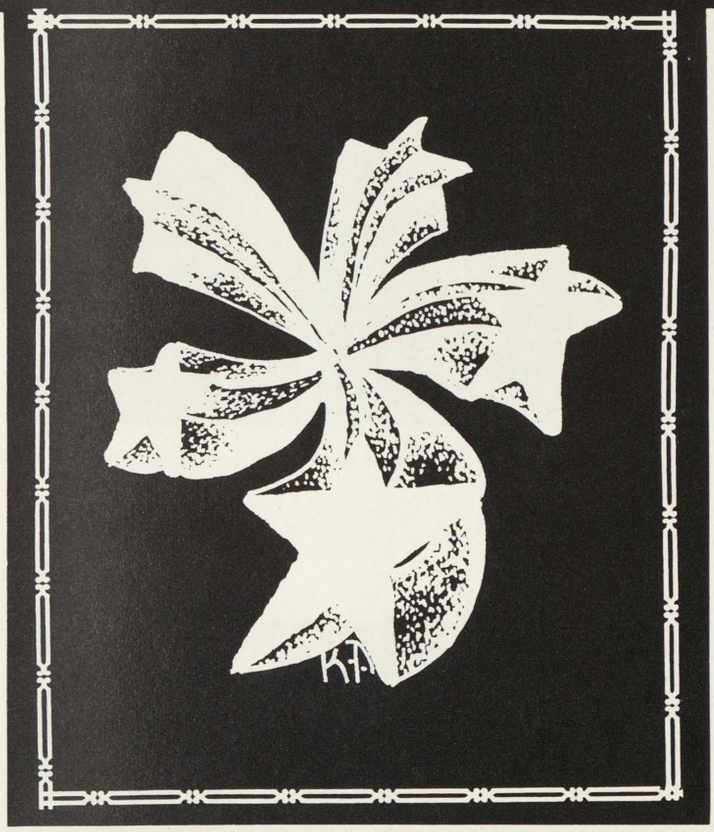












Opposite Page, Top: Really, Mr. Laskey, we all know you can smile better than that! Left: "Don't you dare push that button!," says Mrs. Ames, "I don't want my picture taken. "Middle: Mr. Russo looks up from his work just in time to catch our photographer in the act. Bottom: Mrs. Dickie and Mr. Christner watch as the students participate in a pep assembly. This page, Left: Mrs. Cassidy busily works on totals for the various clubs who are having fund raising activities. Right: Mr. Quaderer prepares the day's lesson before his class starts.

Where does your spirit come from? Spirit comes from every person that cares. It shines out from every person that cares. It shines out from every individual that gets excited. Spirit is developed through caring and sharing, sharing even when times get rough. Spirit comes from pulling together and supporting each other. Spirit comes from laughing and crying. Spirit is getting involved. Spirit begins with YOU.

Congratulations Class of 1979 from Local P. 39 of the Amalgamated Meat Cutters and Butcher Workmen of the North America.

Quotes:

Abraham Lincoln: "All that serves labor serves the nation. All that harms is treason . . . If a man tells you he loves America, yet hates labor, he is a liar . . . There is no America without labor, and to fleece one is to rob the other."

Abraham Lincoln: "Capital is only the fruit of labor, and could never have existed if labor had not first existed."

Woodrow Wilson: "While we are fighting for freedom, we must see, among other things, that labor is free."

Franklin D. Roosevelt: "If I were a worker in a factory, the first thing I would do would be to join a union."

Harry S. Truman: "The right to join a union of one's choice is unquestioned today, and is sanctioned and protected by law."

Dwight D. Eisenhower: "Only a fool would try to deprive working men and women of the right to join the union of their choice."

Our Union's Personal Labor Creed

* To continually strive for compensation that is fair and equitable.
* To assure the individual dignity of each worker.
* To provide an atmosphere of free expression within the union and out.
* To guarantee "fair play" to all.
* To spare no effort to provide safe working conditions.
* To help make your company the best place in the world to to work.

You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Yearbook Staff Works Well Together

If you were to walk into room 112 during 6th hour you would probably hear: "Did you say my pictures didn't come today?" "Has anyone seen the type depth guide? I need it." "Who's this kid?" "Can I have the pass to go talk to the coach?" "Does anyone know where my pictures are?" "Guess what? I lost my layouts. "Will someone help me write cutlines for this spread?" "Oh, no! The deadline is tomorrow!" "Somebody help!"

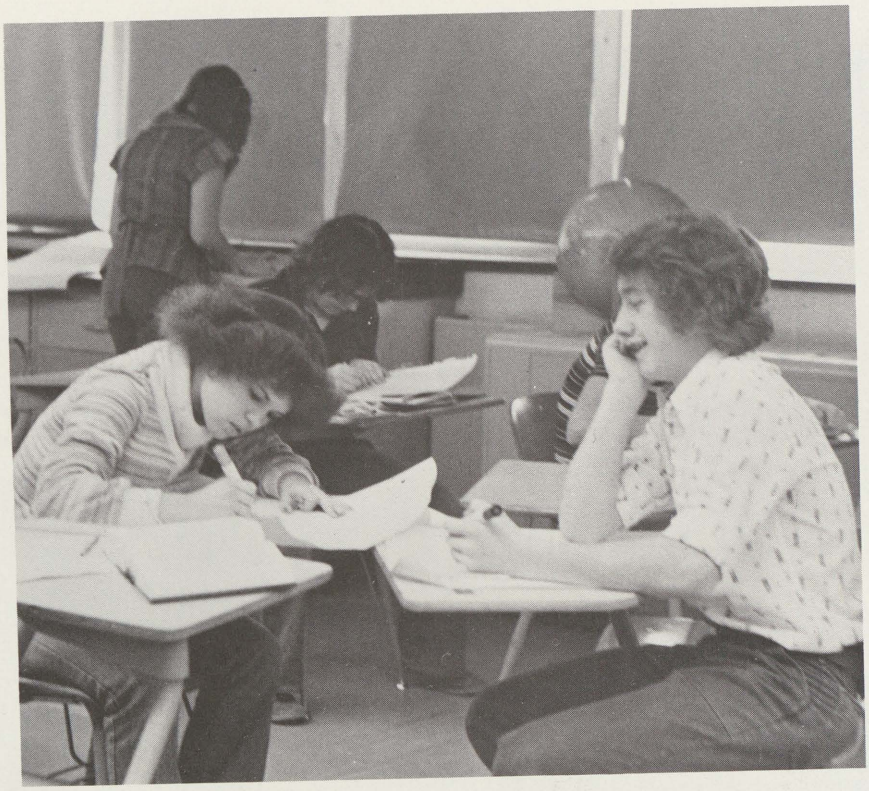
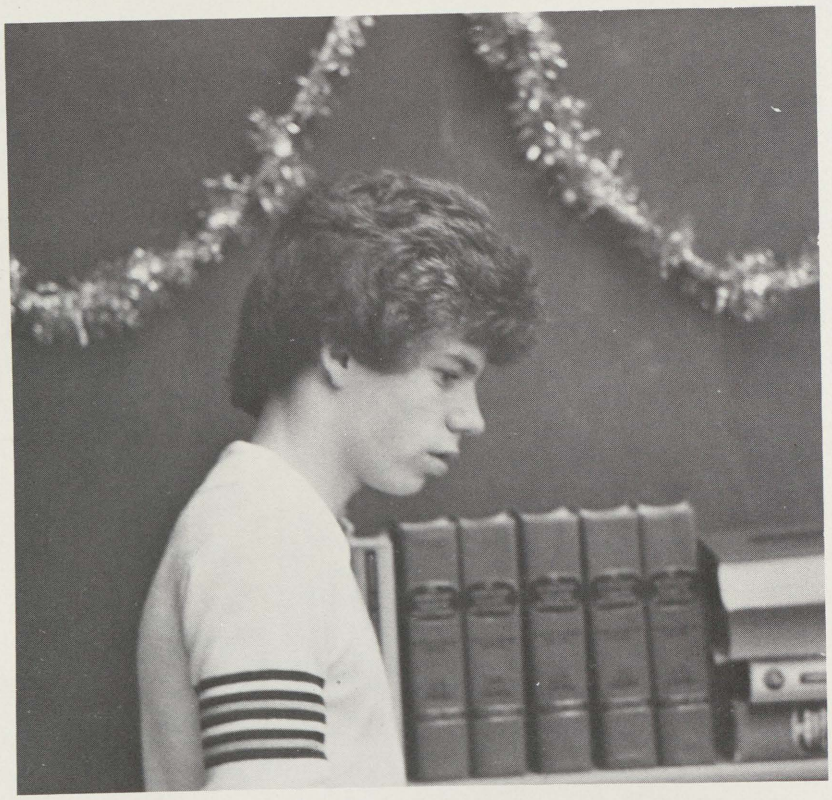
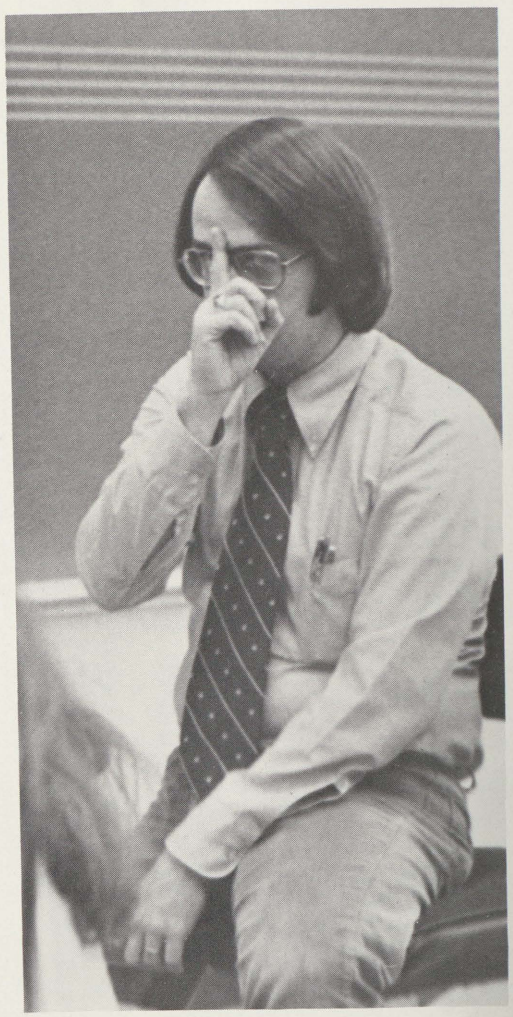
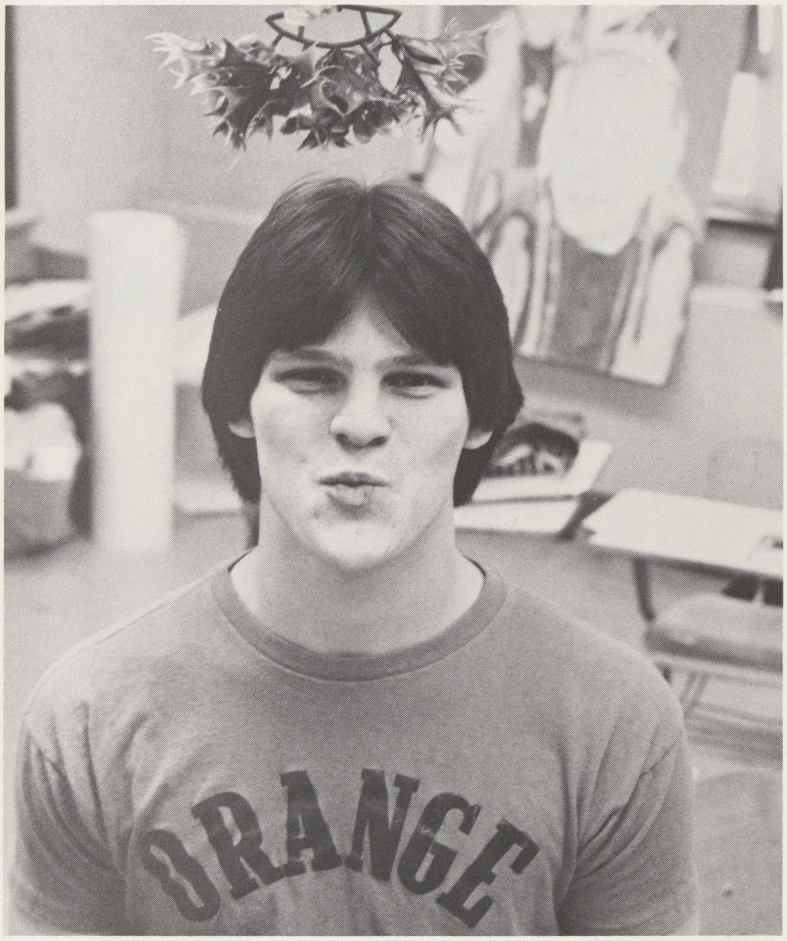
The Spirit of

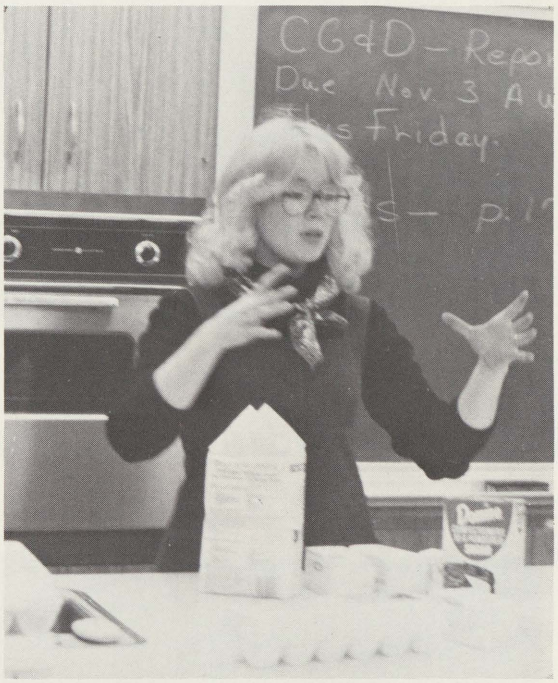


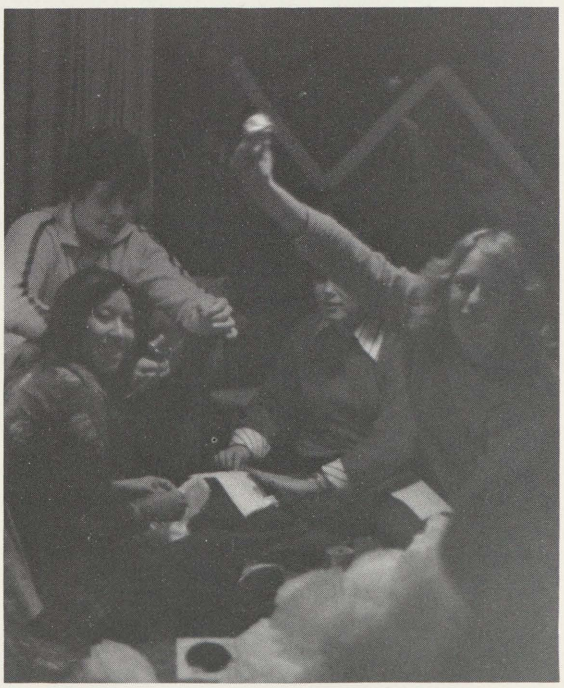




Life at C.H.S. . . .



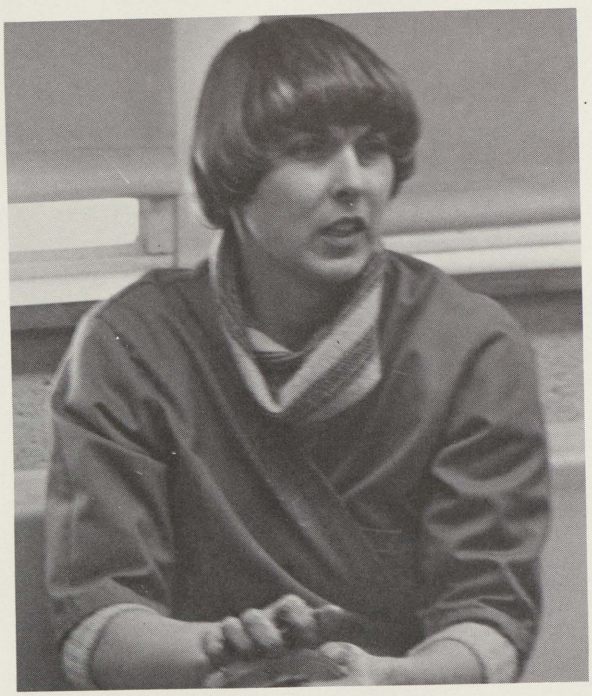


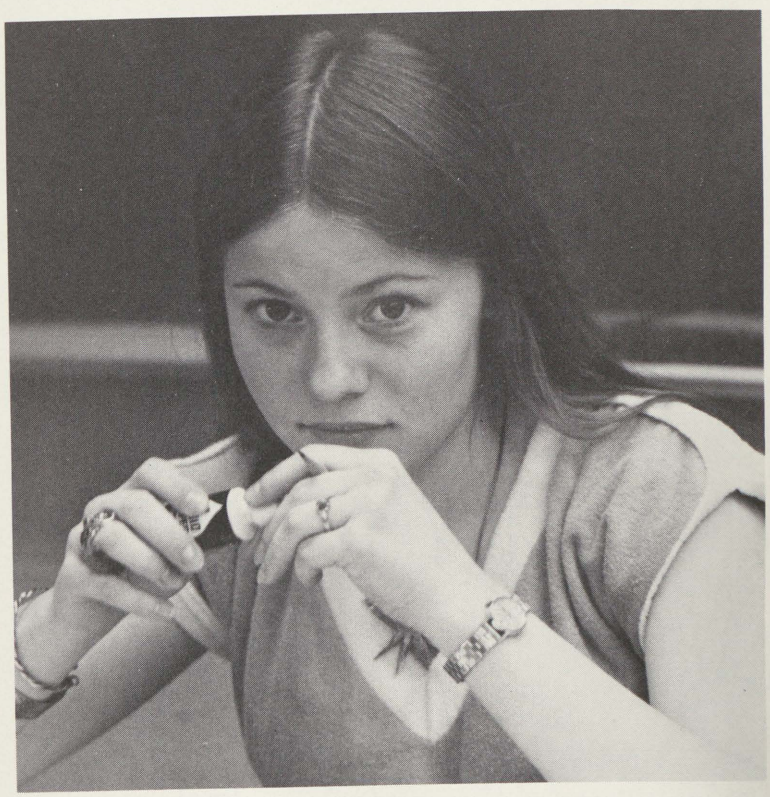


Opposite page, Upper left: Julie Dodak and Rusty Boyd have fun working on a group project.
Upper right: Tracy Hercsh looks up in surprise finding the camera pointed her way.
Lower left: Mike Ruzicka patiently awaits his turn at the typewriter in yearbook class.
Lower right: Mr. Baese reports to his class; "See, my nose is just as straight as my index finger."
This page, Upper left: Mike Neitling puckers up for a Christmas kiss under the mistletoe. Any takers?!
Upper right: Mrs. Laitila explains how to make French crepes.
Lower left: Tim Palmer tunes his ear in on a secret conversation nearby. I wonder what he learned by listening in?
Lower right: Connie Birdsley, Lupe Servantez, Michelle Schlachter and Lori Chamberlin enjoy working on the Sophomore float.

If you believe in trying to make something out of your high school life, do it now. Time travels much too quickly. One day you're a freshman and the next you're a senior. High school passes by with the intent to make you someone; let it. You are here to become an individual and a self-reliant person. Take advantage of these opportunities because the next thing you know you are all alone, facing that big, mean world. B.C.

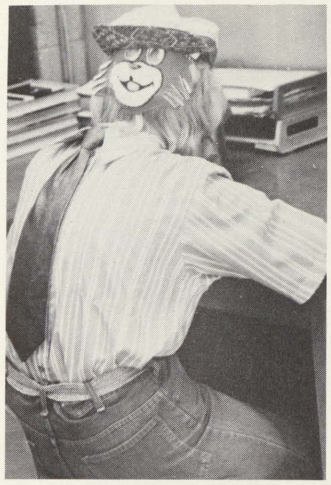
We Listened and Learned . . .





Top: This class knows that doing their homework will improve their final grade. Middle left: Mrs. Hayes explains how to wedge clay. Right: Laurie Gross says, "Don't worry Teach, someday I'll learn from my mistakes." Bottom left: Diane Hemgesberg has high hopes that her chemistry experiment will work right.

Opposite page, Top left: Laura Mahoney shows her spirit by dressing up on inside-out and backwards day. Top right: Freshmen or Sophomores, which class is really number one? Left: Carmen McCarry has a laugh-a-minute during her lunch period. Middle: Jeanne Ellis enjoys life at good ol' C.H.S. Bottom: Kris Schipper leads us all in a round of spirited cheers.



We Laughed and Lived . . . .

We Leave Our Spirit to Memory . . .
